## How to use these tables:

- Choose your destination and preferred service.
- Using this table, find the zone that your destination is in and how many days it will take for your shipment to be delivered.
- All delivery times are calculated in working days and stated for major cities.
- Delivery times are subject to customs clearance.
- Using the prices in the rate agreement, see how much your shipment will cost for your chosen service.
- Contact your local Customer Services department for other destinations that may not be listed above, and more precise information.
